Subject: Payments of pensions - delay in.

It has been observed that the provisions of Rules 193 and 213 of the B.C.S.Rs. and Arts. 907 and 919 of the C.S.Rs are not strictly observed with the result that hardship is caused to retired Government servants. With a view to avoid delay in the disposal of pension cases, the declaration in the form prescribed in Rule 214 of the B.C.S.Rs and Art. 922 of the C.S.Rs should invariably be sent along with the pension papers to enable this office to grant provisions if considered necessary if final pensions cannot be issued.

CIRCULAR NO. 6699.
Bombay Castle, 29th October 1949.

CIRCULAR OF GOVERNMENT.

It has been brought to the notice of Governmentthat that in spite of various instructions issued by Government regarding the prompt disposal of pension cases, from time to time, inordinate delay has occured in the settlement of pension claims of several Government servants retiring from service as well as of state servants who have retired on account of the merger of the states. With a view to expediting the disposal of all such pending claims, and giving guidance, where necessary, a Special Officer, Mr. B.D. Tilak, has been appointed in the Finance Department. He will visit all offices and expedite the disposal of all the delayed pension cases on the spot. In Bombay the Special Officer may visit all offices but so far as the mofussil offices are concerned, the Special Officer will visit only the headquarters places of each District and of each Public Works Department and Forest Division. The Heads of Offices at all the District headquarters, viz. Collectors, the District Superintendents of Police, District Judges and the like, are therefore requested to collect all the necessary records relating to the pending pension claims, in the whole of their respective jurisdictions and to keep them ready at the headquarters for the scrutiny of the Special Officer. The persons actually dealing with such cases should also be present at the time of the Special Officer's visit. They are also requested to afford the necessary facilities to the staff as regards office accommodation, etc. The Special Officer will inform each District Officer of the probable date of his visit.

CIRCULAR OF GOVERNMENT.

It has been brought to the notice of Government that in spite of various instructions issued by Government regarding the prompt disposal of pension cases, from time to time, inordinate delay has occuredin the settlement of pension claims of several state servants who have retired on account of the merger of the States. Government is anxious that the applications for pension of States' servants should be disposed of with utmost expenditions and for that purpose Government is pleasedto autherize the Heads of Departments to employ if necessary an extra clerk for each office under them and also not more than three clerks in their own offices, according to requirements, to deal with such pension cases. Similarly the Collectors are authorized to employ if necessary not more than four clerks, including one senior clerk in the District Treasury Offices to cope with the pension work according to requirements. In addition in districts where this work is heavy the Collectors are authorised to appoint an additional Aval Karkun or Deputy Accountant from amongst the persons retired from Provincial Service. The above additional establishment may be sanctioned for a period not exceeding 3 months in the first instance. The Heads of Departments and the Collectors should report immediately the establishment actually entertained by them as indicated above. A report should also be submitted not later than the 5th of every month showing the numbe-r of pension cases disposed of in the previous month.

2. The above staff may also be employed for the work of fixation salaries of the former state employees in the Provincial scales where this work has not already been completed.

GOVERNMENT OF BOMBAY.
FINANCE DEPARTMENT.
CIRCULAR NO. 6699.
Bombay Castle, 7th November 1949.

CIRCULAR OF GOVERNMENT.

Read Government Circular No. 6699 dated 29th October 1949.

It is likely that the orders issued in Government Circular No. 6699 dated 29th October 1949 may have created the impression that Heads of Offices at all the District Head quarters are to collect all cases of pension claims in their respective jurisdictions and keep them pending at the head quarters for the visit and the scrutiny of the Special Officer. This is not the intention of Government. Government has already emphasised the necessity of expeditious disposal of pension claims and the sanction of provisional pension in cases where the pension claims are likely to be delayed. All the pending pension cases should therefore be disposed of as early as possible and cases should not be delayed in anticipation of the Special Officer's visit. Where any difficulties are experienced in the settlement of claims, orders of higher authorities should be obtained in the normal manner; in the case of the personnel belonging to the merged states there would however be no objection for the Heads of Departments to consult the Financial Adviser on matters of interpretation of the orders and other general questions of pensions.

The Special Officer has been appointed with the object of expediting the disposal of pension cases and giving guidance where necessary. He will eq visit various offices in the course of his tour and will communicate him programme to the officers concerned in advance. At the time of his visit all pension cases pending at that time should be shown to him

and...

and every cooperation and facility given to him. In cases where any difficulty is experienced, his assistance and guidance should be obtained in disposing of the claims. But it must again be emphasised that the disposal of pension cases should not be delayed on account of the anticipated visit of the Special Officer.
